

School Re-entry Program

Brooks School Re-entry Program provides a continuum of school transition and support services for children and adolescents at Brooks Rehabilitation Hospital and Brooks' outpatient clinics. Brooks School Re-entry specialists strive to ensure parents and schools have the information and support needed to maximize a child's school success.

School Re-entry services are customized to meet the unique needs of each child. Services offered may include, but are not limited to:

- Serving as a liaison between families, school, related agencies and medical professionals
- Attendance at school meetings (in person or by phone conference)
- Attendance at medical conferences and family conferences during Brooks Rehabilitation Hospital admission
- Meeting with classmates to discuss expectations for a child's return to school
- Verbal and printed information on relevant topics for families and schools
- Follow-up and monitoring of each child once he or she transitions
- Ongoing communication with medical staff regarding school concerns/needs
- Assistance with referrals to various school programs/services
- Guiding and empowering parents
- Assistance with early intervention referrals for babies/toddlers
- Assistance with college recommendations/accommodations for young adults

Our highly qualified school re-entry specialists are here to help. All school re-entry services are free of charge for Brooks patients.
