

# BROOKS REHABILITATION AMPUTEE SERVICES

**Brooks Rehabilitation specializes in amputee rehabilitation to help our patients achieve their highest level of recovery and participation in life.**

We have a multidisciplinary team including our experienced on site physician, physical therapists and psychology team. We also work with multiple prosthetic companies to improve outcomes and promote the patients return to ambulation. We offer this comprehensive approach throughout the Brooks continuum of care including inpatient, outpatient and home health services. We at Brooks Rehabilitation have a unique program that is committed to offering the best quality of care to assist this patient population.

## **Services Offered**
