Dear Patient:

Brooks Financial Assistance program is designed to help patients who have little or no health insurance to cover the cost of their rehabilitation. Services rendered under the Financial Assistance program are short term solutions to bridge the gap between insurance and the patient’s needs. It is not intended to support long term care and is provided as the last option.

Brooks determines your eligibility for this program based on medical necessity and on financial need*. The Brooks Financial Assistance disclosure form will help us determine if you are eligible for aid from Brooks and the amount you are eligible to receive. All information you submit is confidential and will be used for this purpose only. It will not be shared with any outside party.

Please complete the attached form and return the application and copies of proof of income (identified on the application form) to your Brooks Rehabilitation representative where you are being treated. The sooner you submit your completed application, the sooner we will be able to process the information and determine eligibility. Please remember that you will be responsible for all payments prior to determination of Brooks Financial Aid eligibility, so it is to your advantage to submit the completed forms as soon as possible.

**Patient Responsibility if Approved for Brooks Financial Assistance:**

- If you are required to pay some amount toward your rehabilitation you will be asked to pay for your portion prior to or at the time of service.
- You must contact us ASAP if you cannot make a scheduled appointment. If you do not contact us and/or cancel two times, you will be discharged immediately.
- You must continue to meet medical necessity requirements throughout their rehabilitation program. This means that the patient is making significant progress in a reasonable period of time. The financial assistance committee periodically reviews patients’ progress to determine if they are showing improvement. If a patient’s therapy progress has slowed or reached a plateau they may be discharged from the Brooks Financial Assistance program.
- You must inform us if your income or insurance changes during treatment or if similar services can now be received in the school or at another type of facility. You may be asked to fill out a new application which will be reviewed by the financial assistance committee.
- No services will be covered under Financial Assistance for Non-US Citizens.
- OP Only: If you are 21 years of age or older, you will be asked to submit a new application every 3 months. If you or your dependents are under 21, you will be asked to submit a new application every 6 months.
- **Please be aware that if you are in the legal process of obtaining a settlement for an automobile accident or other claim then Brooks will file a lien with your Attorney for services to be paid upon settlement. Please provide your Attorney’s Name and Phone Number:**

- Please allow one week for processing of your application. If you have any questions, please feel free to contact your Brooks Rehabilitation Representative or call our customer service line at (904) 345-7251.
