

MAKE A REFERRAL

Brooks Rehabilitation Inpatient Rehabilitation

Let us help transition your patient to inpatient rehabilitation. As the expert in post acute care, our hospitals can receive referrals and admit patients to our locations from a variety of settings such as:

- *Home*
- *Urgent care*
- *Hospital (traditional acute or long-term care)*
- *Skilled nursing facility (SNF)*
- *Clinic*
- *Assisted living facility (ALF)*

The admissions team are comprehensive, clinical experts who specialize in rehabilitation. We will help you determine if acute rehabilitation is the best care setting for your patient.
