The SOIRÉE

The Soirée is an evening to remember, filled with live entertainment, delicious food, refreshing drinks, and the chance to connect with friends and community leaders.

Your support helps bring joy and opportunity to people of all ages through Brooks Rehabilitation's Adaptive Sports and Recreation Program. This program is one of the most comprehensive in the country and opens the door for children and adults with differing abilities to enjoy recreational and competitive sports at no cost.

Participants receive everything they need, including equipment, coaching, and even transportation, so the focus stays on what matters most: fun, fitness, friendship, and family.

With your help, we can continue creating moments of laughter, connection, and empowerment that last far beyond the event.
